## **C. Conference's Main Theme**

The Insurance Industry was accustomed in operating under changing conditions, but it is our decade that is characterized by the “tornados” of changes, in every sector of our professional environment.

Political changes ( E. U. Enlargement & Constitution ), Legal changes ( Insurance Directives ), Economic changes ( Investment Returns / Recession ), Product changes ( from Investment Products to Term Policies and Pensions ), Educational changes ( New Requirements, New Methods ), and finally, Technological changes.

The 21<sup>st</sup> Century Insurance Companies must be in the right position for
